REGIONAL BANK IS SUGGESTED

Measure Will be Opposed by Administration Senators and Vanderlip.

TO HAVE 47 BRANCHES.

Banking Committee Considering Matter—No Progress Made at Meeting Today.

Washington, Oct. 31.—Consideration of the number of regional reserve Banks to be provided, if the regional system is adhered to, was before the Senate Banking Committee again when it convened today. No progress in settling this problem was made yesterday, though it was discussed most of the day.

Senator Reed, of Missouri, stirred things up by offering a compromise plan for a "regional reserve bank" in Washington, with forty-seven branches. This would provide for a branch in each of the forty-seven reserve cities now establishel by law. It would combine features of the central plan and the regional plan. The Washington bank would be the central one and would operate as a clearing house for the others.

Administration senators oppose the plan as in reality a central bank plan.

The question of the number of regional banks may be disposed of today. Various suggestions as to the number are made. The President insists on ten.

The administration also is endeavoring to prevent exclusion of Secretary of the Treasury McAdoo from the Federal reserve bank.

Dispatches from Chicago say that Frank A. Vanderlip, president of the National City Bank, at the banquet of the Investment Bankers' Association, attacked the administraion bill as having the fatal defect of starting the country on an issue of fiat money. He inferentially criticised the President for not even consenting to consider a central plan bank.

George M. Reynolds expressed fear of the effects of the administration bill on business.

PATRONS' DAY IN SCHOOLS.

Superintendent Sweeney and Teachers Welcome Parents and Guardians.

Those in charge of the public schools kept open house today and extended a cordial greeting to parents and others who visited the Lee and Washington buildings ,and Snowden and Hallowell during the day. Numbers availed themselves of the opportunity of witnessing the workings of the schools, and while the visits were appreciated by the superintendent and teachers, they were encouraging to the pupils, all of whom wore happy smiles when callers were introduced.

This yearly custom is becoming more popular yearly. There should be, however, larger turnouts on these occasions.

NEWS OF THE DAY.

After having been in a grave for nearly nine years the body of Patrick Dugan was yesterday found to have become completely petrified. Its weight was estimated at more than 600 pounds. It required the combined efforts of four men to raise the body from the grave in St. Vincent's Cemetery, Baltimore. As many men had all they could do to lower the body in a grave at Holy Redeemer Cemetery, to which it was transferred. When taken up, the name plate and handles still shone as they had when it was lowered into the ground. The casket top was raised, and the laborers around steped back and gasped in amazement. The body seemed to be alive, with clothes and all covered with a fine gray dust. The face and hands showed a light gray, while the clothes were several shades darker. The petrification had spread to some part of the silken lining of the casket which touched the body.

The 6-month-old baby of Mr. and Mrs. John Reynolds, who live at River Falls, near Spartanburg, S. C., was left in the house yesetrday while Mrs. Reynolds went to a spring to get water. While she was gone a hog took the child in its mouth, ran cut into the yard, and ebgan to devour it. A passerby was attracted by the baby's cries and rescued it. One of its ears had been bitten.

"I throw a rock through a window every time I go into a restaurant and get charged 15 cents for a plate with only 42 baked beans on it. I know how many there were because I counted them," Joseph Mack told a policeman, who arrested him for breaking a $50 window with a cobblestone in Boston. He was sentenced to two months in the house of correction.

A caveat was filed in Philadelphia yesterday against the probating of the will of the late John G. Watmough, who left his entire estate, valued at more than $1,000,000, to persons other than those who are considered heirs at law. To his wife's maid, who remained in his employ as a nurse after Mrs. Watmough's death, he left $100,000 absolute.

A revolutionary plot based on the assasination of the President of the republic, Adolfo Diaz, and prominent cabinet ministers, was discovered and frustrated Wednesday night at Managua, the Nicaraguan capital. The conspirators, it is declared by police officials, were captured red--handed.

With plain words and blunt frankness, James J. Hill, dean of the nation's railroad builders last night told 900 financiers and men of commerce that "the country is waterlogged with bonds," and that "if the present abuse of credit continues an abyss of possible suffering and financial distress opens before us." Mr. Hill delivered his warning in an address at the annual banquet of the Investment Bankers' Association at the Congress Hotel in Chicago. At the same gathering Frank A. Vanderlip, president of the National City Bank of New York, decrying danger from another source, declared that the passage of the Glass Owen bill in its present form would start the country on the road to flat money, a possibility, he said, "that contains elements of national disaster."

Clifford Brilhart, professor of oratory, and Howard Thompson, student, both of Peniel University, Greenville, Texas, were drowned while duck-hunting on the city reservoir yesterday. They fired at the same duck simultaneously and the recoil capsized their boat.

Two employes of a Mattoon newspaper were burned to death yesterday when fire destroyed their boarding house.

BAZAAR REPORT NOT READY.

The official report of the result of the Hospital Bazaar will not be given out until next week owing to the delay in collecting all of the receipts. The porcelain kitchen sink which was donated by J. C. Gates, is on exhibition at the offices of the Duncan stables on Pitt street. Mrs. L. W. Reid, chairman of the committee, also has for sale a nearly new kitchen range which was donated by John Cogan.

MANY HUERTAITES ARE ARRESTED

Plot Against His Life Given as Reason For Such Action.

AMERICANS FLEEING.

President Wilson Intimates United States Will Act—Activity in Army Circles.

Washington, Oct. 31.—Fearing that the United States is about to intervene in Mexico, and that the soldiers of Huerta will soon discard all pretense of protecting American citizens, natives of the United States in Mexico City, according to press dispatches, are preparing to flee the country, Effects are being packed in haste, and without attempting to safeguard property not portable, the Americans are reported as expressing little hope of finding anything left on their return to Mexico.

Confidential advices indicate unusual activity on the part of the Huerta officials. On the eve of the assembling of the new congress, wholesale political arrests are being made. The excuse given is the discovery of a new plot against the dictator's life. But the reports here are that the men arrested are the leaders of the Huerta opposition in the metropolitan district.

This government was today anxiously awaiting word from the Mexican capital regarding what action Congress will take on the election returns. Heretofore ten to twenty days have been allowed to elapse before the canvass has been ordered. But there is a strong suspicion here that there will be little delay this time. An announcement of results is looked for for not later than next Monday.

SAMARIAN REBEKAH LODGE.

Samarian Rebekah Lodge held a very interesting meeting on Tuesday night. After the close of the session the members repaired to the home of Mrs. Lindner, 222 north St. Asaph street, and spent a social hour. The social feature of the order was greatly enjoyed. On November 11th, the President of the Rebekah Assembly will attend a meeting of the lodge.

Gow, of the West Washington Baptist Church, will be in charge of the services and a large choir will render a special musical program every night.

GOBLINS ABROAD TONIGHT.

Witches and Ghosts Are Said to Flit on Hallowe'en.

Many of the younger generation will start out upon its saturnalia of fun and frolic tonight. There will be weird and wild happenings; goblins will stalk stealthily about, witches will swoop down with brooms and ghots, skeletons and masqueraders will rouse the town.

This is the night of all nights when supernatural influences are supposed to prevail.

The boys and girls continue to believe, or make believe, that there is such a thing as a ghost; the youth and maiden are still guided by the light of the phantasmaforia; the spinster is prone to put her faith in spectral apparitions.

The police have forbidden any untoward tributes being paid to those things which love darkness and concealment and come forth only on this night of nights, to dwell in the world of reality; but in doors there will be many kinds of "doings," for the shelves of the stationery and confectionery shops have been shorn of things which suggest All Hallows' Eve

Little fol kwill "bob" for apples, and hear recited by older lips tales of the witches that ride on brooms o'er crescent moon, with a brush in her hand to sweep the cobwebs from the sky And on the straw of the broom will be cats that emit weird mews. The little folks that hear will be assured of the truth of the tales when a beans crack against windows like the crack of a brush on the sky, and when a denizen of the back yards protests, against the undue caresses of a friendly feline.

Apples, too,will be used by the youth and maiden,who "are just at that age" But it would be undignified to have these apples in lowly tubs. They must needs be suspended from the chandelier or the door frame. The youth will try to bite one of the rosy cheeks of the apple. The maiden will try to bite the other cheek.

The police will be on the lookout for practical jokers and such as take pleasure in defacing property or annoy people tonight.

The throwing of flour, the removing of signs, the use of tictacks, putty blowers, and other indignities have been particularly frowned upon and all will constitute a violation of the regulation for Hallowe'en.

GHENT CELEBRATION PLANS.

Local Committees Will Meet Wednesday to Discuss Entertainment.

Plans for the participation by Alexandria in the celebration of the 100th anniversary of the English-speaking people which was brought about by the signing of the Treaty of Ghent, will be discussed at a meeting of the local committee which will be held at the office of the chairman of the Alexandria committee, John M. Johnson, on Wednesday morning at 10 o'clock. The meeting has been called at the request of John A. Stewart, chairman of the executive committee, who wishes the Alexandria committee to decide upon any proposals which they may desire to make to the general committee of the celebration which will hold a meeting in Richmond on December 3rd and 4th.

It is expected that a subcommittee will be appointed from the Alexandria members who will go to Richmond to attend the meeting and place the plans for the entertainments to be held before the committee.

MOBILIZATION CAN BE RAPID

General Sale and Major King, of Alexandria, in Conference.

NOT TO SLIGHT STATE.

Old Dominion Militiamen Will Go to Mexico If any National Guardsmen Go.

Richmond, Va., Oct. 31. — While evading questions in reference to instructions from the War Department, Adjutant General W. W. Sale, expressed the emphatic opinion that the New York state militiamen would be shown no preference over the Virginia volunteers in case it becomes necessary to pour troops into Mexico.

"The Virginia militiamen are as well equipped, disciplined, drilled and efficient as the National guard of any State," said General Sale. "Any intimation that the War Department will slight the militiamen of this state if the call to arms is sounded, is ungrounded. When the time comes Virginia will be represented and well represented."

With rumors of a Mexican invasion flying thick and fast ,the Virginia volunteers have been stirred to the depths.

At one time yesterday afternoon General Sale was closeted with the following officers: Major S. W. Martin, of Lynchburg; Major James E. King, of Alexandria; Capt. W. E. Trivvett, recruiting officer of Staunton, and Captain D. E. Einstein, of Norfolk.

It has been known for a long time that all plans incident to the quick mboiliation of Virginia troops in Richmond are completed and on file in th Adjutant-General's office. These plans call for the mobilization camp to be located in the State Fair grounds. Recruiting Officer Trivvett is touring the State in the effort to stimulate interest in the Virginia Volunteers.

Since talk of intervention in Mexico has become rife, the task of recruiting five addiaional companies of infantry for the Virginia volunteers has been simplified. Reports coming to the office of Adjutant-General Sale indicate that the Virginia militia will be easily able to come up to the War Department requirement before January1, the time limit set by the Secretary of War for the Virginia volunteers to recruit their regiments to normal strength.

At the same time plans are being laid for the organization of a strong medical corps, and officers in charge of the enlistment of a signal corps are proceeding with unabated zeal. The State military office has been provided by the War Department with the most valuable and complete equipment for both medical and signal corps, including the five ambulances, drugs, operating instruments and field glasses, spy glasses, telegraph and telephone outfits, miles of wire and other signal apparatus. The equipment already in General Sale's possession, is worth $40,000.

FUTURE OF THE MEDICAL SCHOOL

Consolidation With University and Large Endowment Plan.

800 ARE PRESENT.

Formal Opening of Consolidated Medical College Brings Forth Prohpecies of Success.

Richmond, Va., Oct. 31—In the presence of a great concourse of public-minded men and women, the new Medical College of Virginia, the product of the consolidation of the University College of Medicine and the old Medical College of Virginia, was formally opened last night and dedicated to medical education in the South. Fully 800 persons seated in the audi-torium of the John Marshall High School, applauded the prophecies of a great future before the new institution, and expressed their approval of the visions of the speakers.

The prediction of the speedy consolidation of the Medical College of Virginia and the medical department of the University of Virginia was unreservedly made, and received with thunderous applause by the audience. One medical college in Virginia was declared to be the vision of future greatness, a single institution great enough to rank with the oldest and most powerful of the medical schools of the world. The speakers joined in lauding the natural advantages of Richmond as the site for such an institution, and spoke with an assurance that presages early results.

Dr. William S. Gordon, head of the medical department of the college, speaking on the subject "Laboratories in Relation to Modern Medicine," delivered a fervent plea for bigger, finer laboratories for the college, in which the enthusiastic research workers may employ their energies for the extermination of disease.

The newer outlook in medicine formed the subject of an address by State Health Commissioner Ennion G. Williams. The new mission of medicine, he said, is prevention. He painted a splendid picture of the work of the sanitary agents and public health experts.

To John Stewart Bryan was assigned the task of presenting a picture of what the new college means to the city.

Amid prolonged applause, Dr. Stuart McGuire, dean of the factulty, arose to give his idea of Richmond as a medical center. In natural advantages and possibilities of development Richmond ranks with Baltimore, Philadelphia and Nashville, he said. He told of the 536 students in the medical college this year, the 3,000 graduates,the hospitals with 700 beds which treats 8,000 patients annually and spend about $400,000 a year with Richmond merchants.

Dr. Roshier W. Miller delivered in an impressive manner a summary of "The five-fold work of the College."

Walter McNeil was given the subject: "Richmond's Educational Resources."

Dr. George Ben Johnson delivered the last address, having for his subject: "A Vision of the Growth of the College."

The benediction was pronounced by Dr. Edward N. Calisch.

A number of private entertainments have been arranged for Halloween night this evening. At the Washington street Southern Methodist Church an interesting program has been prepared for the young people of that church. The Collingwood Club will give an elaborate dance at their club house on the Potomac, five miles south of Alexandria. The Baptist Young People's Union gave a halloween social in the assembly room last night which was largely attended.

A similar entertainment was given in the Westminster building by the young people of the Second Presbyterian Church.

The hall was beautifully decorated in yellow and black, pumpkins, lanterns, autumn leaves and palms adding to the beauty of the rooms. A crowd of gay masqueraders made the building ring with merriment. There was quite a range of characters portrayed and although two couples were awarded prizes by the judges for being the "handsomest couples" "en masque" the decision was difficult. A program of entertainment was carried out during the evening including character guessing, apple bobbing, and the witches' prohpecies and other features. Attractive booths were arranged around the room among them being the fortune-telling tent, the Temple of Bliss and Rebecca at the Well. At the close of the evening refreshments were served.

VIRGINIA'S BIG GAME

William H. Gaines Writes of Tomorrow's Contest at Charlottesville

William H. Gaines, deputy clerk of the United States iDstrict Court for the Eastern District of Virginia, of this city who is convalescing at the University Hospital, Charlottesville, from an attack of appendicitis, has written for the Gazette the folowing interesting account of the preparations for the big football game at Charlottesville tomorrow between Virginia and Vanderbilt.

Vanderbilt University is located at Nashville ,Tenn., and they have one of the strongest teams in the South. According to Mr. Gaines, the students of the Episcopal High School of this city, will attend in a body. The football team of the high school will be the guests of the Episcopal high school club of the University.

Mr. Gaines writes as follows:

"Yesterday and today the football team practiced behind closed gates in preparation for Saturday's big game with Vanderbilt. All of the team are in good shape and the task now confronting the coaches will be to keep the team on edge and free from injuries for the balance of the week. The alumni coaches who in the past made names for themselves fighting for Virginia on the gridiron are returning one by one to aid Head Coach Warren whip the eleven in shape for the game with the Commodores on Saturday. Hammond Johnson, famous halfback of five years back was the first to join the coaching squad, followed today by "Empty" Cooke, noted tackle and captain of the team of 1907.

"Both of these men will remain here throughout the week, giving their individual attention to various members of the team. Branch Johnson, brother of Hammond, captain of the team of 1905 and regarded as one of the greatest tackles that ever trod a Southern field, is expected on almost any train. Billy Gloth, captain of the team of 1903, and three times picked as all-Southern center, is due back Friday.

"No Virginia team ever had the benefit of such a formidable array of coaches and Saturday's game will undoubtedly show the benefit derived from the personal instruction of these old stars. In addition to these coaches the resident coaches Warren, Varner, Neff and Harris are working hard with the team each day. Stape Gooch, quarterback on the 1909 team, is also back for the week and is aiding in the coaching.

"Telegrams, long distance phone messages and letters are pouring in from the alumni from all over the country, asking for seat reservations for Saturday. It is surprising to note the number of these requests that have been received from New York City alone. Fifteen hundred tickets have already been disposed of. Word has been received from the Episcopal high school that practicaly the entire student body of that institution will attend in a body. The E. H. S. club comprising forty odd members have invited the football team to be present at the game as their guests, and word has been received that they will be here.

"Other preparatory schools in the State including Woodberry Forest and Staunton Military Academy have also advised those in charge of the ticket sale that they will in all probability be here.

"Five hundred students greeted President Wilson when he passed through Charlottesville on Tuesday night at 7 oclock, and H. S. MacKay, president of the General Athletic Association on behalf of the association, the faculty and the student body invited the President to be present at the Vanderbilt-Virginia game on Saturday. The chief executive responded in a short speech saying that he would be glad to be here on that occasion did his duties permit. The invitation was neatly engrossed on vellum and read to "Woodrow Wilson, '21."

LECTURE BY DR JOHNSON

Famous Expert Tells of Feeble Minded of Virginia Last Night

The lecture last evening by Dr. Alexander Johnson on the "Mother State and her weaker Children," given at the Young People's Building, was well attended and earnestly listened to.

Rev. John Lee Allison, pastor of the Second Presbyterian Church, introduced the lecturer and prefaced Dr. Johnson's statements with the appropriate remark that this was the age of man benefitting his fellowman, and a time in which to fulfill the Lord's commandment, "Love thy Neighbor as Thyself.'

Dr Johnson deplored the fact that there were many more feeble-minded people in existance now than thirty years ago and the number was increasing for lack of care of these individuals preventing propigation of their kind. The slides picturing the Benet test were most interesting and the charts showing the inheritance of weak-mindedness as far back as the sixth generation of those under supervision proved that the care of these fellowmen and women, especially protection for the women, was necessitous and our duty toward humanity and civilization. He divided this class of people into three classes; idiots, those under three years of age mentally imbeciles, and morons, (moron, derived from the Greek, meaning fool), those between eight and twelve mentally.

Dr. Johnson said his talk was to interest Virginia in this class of work and his illustrations convinced one with the horror of this results of non-attention. Pictures of the halls, schools, and other buildings in connection with his work were shown.

In closing Dr. Johnson invited questions from the audience concerning his knowledge and experience with the feeble-minded, and his hearers left the lecture hall impressed with many facts heretofore not given much consideration.

NEWS OF THE OLD DOMINION

EX-MAYOR IN GIRL'S ROOM.

W. H. Terry Arrested for Attempted Assault at Floyd Courthouse.

Roanoke, Va., Oct. 31.—Floyd Courthouse, usually a quiet little town, was thrown into a turmoil of excitement this morning when news spread that Wesley H. Terry, one of the town's most prominent citizens and ex-Mayor, had been placed in jail on a warrant charging an attempted criminal assault upon the youngest daughter of B. S. Pedigo, clerk of the circuit court. The assault is alleged to have taken place last night at the Pedigo home.

The young lady, who is only 15 years old, was in her room on the second floor of her home with her sister, two years older, and awakened about 1 o'clock is said to have found Terry lying on the bed. When she was sufficiently aroused she screamed for help and ran to her father's room. The man made his escape through an open window.

In a very short time a warrant was sworn out and placed in the hands of the sheriff. The accused man was arrested and is said to have confessed that he was in the house. He gave as his excuse that he had known the girls from infancy, and was there for the purpose of "tick-tacking."

Terry gained entrance to the house by means of a ladder, which he placed beside the porch; laid two planks over the tin roof of the porch to deaden the sound of his footsteps and raised the window to the room occupied by the girls. His shoes and hat, which he had removed, were found at the foot of the ladder.

A preliminary hearing of the case was set for Saturday, but because of excitement among residents of the town, the attorney for the commonwealth ordered the prisoner removed for safekeeping. Terry, in custody of Deputy Sheriff W. A. Russell and guards, was taken to Christiansburg and will be brought here. The prisoner will be held until arrangements for a hearing are concluded. It is believed Judge Moffett will be asked to order a special term of court to try the accused man.

Terry is 63 years old, and married, but his wife is now an inmate of the Southwestern Insane Asylum, at Marion. He has five grown children, four sons and one daughter.

TUCKER'S RESIGNATION.

Special Election is Ordered for January 6.

Richmond, Oct. 31.—When Governor Mann returned to the city yesterday afternoon he found the resignation of Senator John Randolph Tucker of Bedford. A telegram had been received several days ago withdrawing a previous resignation, then in the hands of the Governor.

The letter contained the announcement that Judge Tucker, who has been made judge of the Federal Court at Nome, Alaska, had embarked for Nome about a week ago.

The Governor, in accepting the resignation, directed that an order issue for a special election to be held in the district—Bedford, Rockbridge and the town of Beuna Vista—on January 6, 1914, to name a successor to Senator Tucker.

GEN. G. W. C. LEE'S WILL.

Washington Paintings And Claim Against Government Given to Washington and Lee.

Washington and Lee University has received a copy of the will of Gen. G. W. C. Lee, who died February 18, 1913, in which provision is made for the University by the former president of the institution.

The following are extracts from the will:

"I give and bequeath to the Washington and Lee University thereof, the original portrait in oil of General George Washington, by Charles Wilson Peale, painted in 1772; the original portrait in oil of General Lafayettee by the same artist, 1779; all my books and office furniture that I left in Lexington upon my departure therefrom in the summer of 1897, and all my interest in a certain claim against the United States Government on account of wood gotten from Ravensworth by representatives of the government during the civil war.

"I also give and bequeath to the Washington and Lee University, to be held by the trustees thereof, the sum of $5,000, which sum is to be invested and the interest used in the presavation and improvement of the Lee Memorial Chapel. Should this bequest to the chapel be held in violation of any rule law, I give and bequeath the said sum of $5,000 to said trustees absolutely.

"All my pictures and portraits of every kind and description, except the two given to Washington and Lee University, are to be divided as nearly as may be, into three equal lots, considering number and value, both intrinsic and from the standpoint of sentiment; and I give and bequeath to my sister, Mary Custis Lee, one of said lots; to my brother, Robert Edward Lee, one of said lots, and to my two nephews, Robert Edward Lee, Jr., and George Bolling Lee, the remaining lot, to be equally divided between them.

"I give and bequeath to my sister-in-law, Mary Tabb Lee, widow of my deceased brother, William Henry Fitzhugh Lee, the sum of $5,000 and all the furniture of which I may die possessed, except the office furniture given the Washington and Lee University.

"I give and bequeath to my nephew, Robert Edward Lee, Jr, the sum of $10,000 in cash, and a like sum to my nephew, George Bolling Lee.

"I give and bequeath to my nephews, Robert Edward Lee, Jr., and George Bolling Lee, in fee simple, all of the land in Fairfax county, Va., however acquired, of which I may die seized, each of said nephews to have a one-half interest therein. I think said land will consist between 2,400 and 2,500 acres.

"All the rest and residue of my astate, real, personal and mixed, wheresoever located, I give, devise and bequeath to my brother, Robert Edward Lee, absolutely in fee simple.'

Educational Institutions Represented at Meeting in Charlottesville, Va.

Charlottesville, Va., Oct. 31.—The annual state conference of the student Young Men's Christian Association assembled at 9:30 o'clock yesterday morning in Madison Hall, at the University of Virginia, with Carl Bare, State Student secretary, presiding. One hundred and twenty-five students, professors and speakers, representing nearly twenty-five educational institutions of Virginia, are in attendance.

The opening address was by Dr. W D Weatherford, an international student secretary of the South, who had for his topic "Personal Evangelism." He was followed by Harrison S. Elliott, of New York City, one of the international secretaries, who spoke of "Bible Study Leadership." Dr. Weatherford then discussed informally administration, membership, finance and organization.

Major Thomas H. Russell, of the Staunton Military Academy, presided at the afternoon session, when addresses were delivered by D. F. McClelland and Harrison S. Elliott, of New York, and Dr Weatherford. Mr. McClelland discussed mission study and social service, while Mr. Elliott had for his theme, "Christian Education."

The opening banquet held at the University Commons, proved a delightful event. Dr. Charles Alphonse Smith, Edgar Allen Poe, professor of English, acted as toastmaster, and welcomed the delegates. Captain Jas. J. King, Staunton Military Academy, responded in behalf of the visitors. The principal address was delivered by Governor Mann.

At 8 o'clock last night, Dr. W. W. Forrest, of the University, John B. Cary Memorial, Professor of biblical history and literature, delivered an address on "The College Men and the Bible."

SALARIES OF PUBLIC SCHOOL TEACHERS.

The average salary paid white school teachers of rural Virginia is so low—so inadequate—so unworthy a progressive Commonwealth that it is the subject of constant remark and lamentation by the press of the State. Indeed, it becomes a source of actual public reproach when it is considered that this compensation in the average does not constitute a living wage. But despite protests of newspaper; despite impelling equities of the case; despite the obvious dictates of sound public policy, the condition is permitted to go on and on, with no substantial improvement. Mr. J. H Binford, secretary of the State Co-Operative Educational Association has just contributed an article to the Virginia Journal of Education calling attention to this serious defect in Virginia's scheme of pubic education, estimating the annual salaries of white country school teachers holding first grade certificates, at $270—their living expenses at $335.

The Richmond Times-Dispatch noting Mr. Binford's treatment of the question and reproducing the above table, says in part:

The average monthly salary of white teachers in Virginia for the year 1910-1911 as $45.31. Salaries of school principals and high school teachers are included in the calculation. If they were not, what would the average be? There is no escape from the conclusion that it would be far less than $45.31. Is that a just and reasonable compensation for a well prepared, efficient teacher?

"The practice of other states admonished us that it is not. In teachers' salaries Virginia ranks forty-second among the States. But six other States pay lower compensation to public school teachers than the Old Dominion. Maryland pays salaries twice as high as ours. In the South, Alabama, Arkansas, Tennessee, Texas, Louisiana and Florida pay higher salaries than we do. An illuminating and indicting compilation by Mr. Binford shows that although the average monthly salary for country school teachers is $45.31; seventy counties fail to attain that average; seven counties pay first-grade teachers only $30 a month; thirty-five only $25, and thirty-five only $40. All right thinking people must thoughtfully echo Mr. Binford's query: "How shall we ever improve teachers unless we hold out greater financial inducements?" Efficient cigar makers earn $12 a week, as do experienced sales girls. Good stenographers make $50 a month the year round, and trained nurses earn $25 per week and board. When we consider the cold facts, how can we dissent from the proposed remedial action? 'Many States have minimum salary laws. Virginia should have one fixing the salary of first-grade teachers at not less than $45 a month for seven months, and containing a provision that counties having the maximum school tax and unable to pay his salary should receive State aid. How long will Virginia continue a policy which denies to the country public school teacher even a mere living in return for her labor?"

The Lynchburg News in commenting on the above facts says:

It impresses us that the approaching Education Convention to be held in Lynchburg will perform a valuable service if getting behind a movement such as Mr. Binford suggests, and especially with a view of inducing the next General Assembly to pass a teachers' salary law that will at least provide a minimum equal to a living wage. This in the interests of public schools; in the interests of school pupils and of the general welfare, as well as affording a reasonable compensation to those who labor in the cause of education. Especially propitious opportunity for such a campaign is now afforded, in view of the fact that the revenues of the state have recently and largely increased.

White teachers in the Alexandria schools receive $55 and up. While this city has recently augmented the salaries of most of the teachers, those managing public affairs are anxious to still further increase the same.

Your Liver Does Not Need Calomel

Hot Springs Liver Buttons Cure Constipation and Bring Happiness.

Old People Feel Young.

"Gee! I feel like a two-year-old, and I wouldn't know a trouble if I met it in the street. There's a lot of fun in life when your liver's working right and you're always on hand with a hearty appetite. Wish I'd heard of those Hot Springs Liver Buttons years ago."

Get Rid of Your Grouch.

When your liver is torpid—"asleep on the job"—you are bound to be constipated. That means you feel dull, heavy, good for nothing. You're ready to fly off the handle at any little thing—in fact, you have a grouch.

All you need is to start your liver to working and that will end the constipation and all its following troubles in a jiffy. But don't make the mistake of using calomel, salts or other drastic drugs that are dangerous and that rack your system.

Get Hot Springs Liver Buttons at once—today—now—and tone up your liver, cleanse your bowels of foul waste, drive the gases from your stomach. At druggists' everywhere, 25c. Sample and 100 of our 17,000 testimonials mailed free by Hot Springs Chemical Company, Hot Springs, Ark.

"MESSIAH" IN BALTIMORE.

Man From Richmond Causes Scene in City Hall.

Baltimore, Md., Oct. 31.—The self-styled ruler of the world arrived in Baltimore yesterday. And, as befits his rank, he made his appearance in the city hall. He said he was from Richmond, Va., but he did not tarry long. In fact, he had nothing to say concerning his exit from the municipal building, for two sturdy watchmen acted as an escort.

He was a well-dresed white man, and possessing a fine appearance, it was easy for him to pass by Mayor's Watchman Richard Jones. He handed his card to Mayor's Assistant Secretary Kreuder. On the back of it was printed as follows:

"I am the ruler of the world. I the City of New York go to h—. My mission is to save the people. Let us do all we can. Help a little. Vestals, devotees, freemen, vote for the rule of the world."

The man insisted on seeing the mayor, and Mr. Kreuder in turn insisted that he leave the building. The latter's eloquence fell on deaf ears and it was necessary for the man to be forcibly ejected. Before being ushered out of the place, however, he announced that he would dynamite the people out of this city into the next world in two days' time.

A search through some of the correspondence the Mayor received about a month ago revealed the information that the same person had proclaimed himself the Messiah who had come to save the universe.

SOLD GIRLS TO CHINESE.

Woman Who Arraigned Mock Marriages, Sent to Prison.

Boston, Oct. 31.—Upon her confession that she arranged pretended marriages between white girls and Chinese and forged marriage certificates of justice of the peace, Maud Young Dan, the white wife of a Boston Chinaman, was given an indeterminate term in the Woman's Prison at Sherburn today.

The evidence showed that the defendant took five young girls from one New England city to another and had them married to Chinese by mock ceremonies.

LITTLE GIRL KILLED.

Struck by an Automobile While Crossing Street in Norfolk.

Norfolk, Va., Oct. 31.—The five-year-old daughter of Mrs. Garringer, at 223 North street, was run over and killed by an automobile in front of her home yesterday afternoon about 2 o'clock, and Jeremiah Ogdouin, chauffeur, was arrested charged with recklessly running an automobile over the child.

It was said that the child was running across the street when the automobile, which was driven by Ogdouin knocked her down and ran over her. She was hurried to the Norfolk Protestant Hospital, but died before reaching there. Mrs. Garringer, the mother of the little victim, fainted when the news was carried to her.

It was said by an eye witness of the accident that the automobile was running at a rapid rate when it turned into North street from Boush.

MARKET IS UNCHANGED.

Eggs are Quoted at 40 Cents Per Dozen and May go Higher.

There was but little change in the prices of meats and vegetables in the market and stores today. The only increase was in the price of eggs which were very firm at 40 cents per dozen with the prospect of an increase in the next few days. Shipments of the fresh country article are very scarce and it is said that hens are refusing to lay.

Vegetables are continuing in profusion, the market being well supplied with fine specimens which were sold at practically the same prices as last week. Grapes were somewhat higher, selling today at 20 to 25 cents per basket.

White potatoes remain at 35 cents per peck, it is expected that they will be somewhat lower in a short time.

From indications today the market tomorrow will be plentifully supplied with a good assortment of supplies.

BISHOPS HOLD COUNCIL.

Discuss Status of Educational Institutions in The South.

St. Louis, Mo., Oct. 31.—Bishops of the Methodist Episcopal Church South, who met here yesterday for their semi-annual council, discussed the status of educational institutions of the Church of the Southern States.

It was stated that 1,500,000 has been raised for the building of the proposed Methodist College, at Dallas, Texas, and that $300,000 has been secured to increase the efficiency of the college at Birmingham, Ala.

The endowment of Trinity College, in North Carolina, has been increased to $1,850,000 through the efforts of Bishop Kilgo, who for 16 years was president of the institution.

A committee of the commissions appointed by the last General Conference to obuild the $400,000 National Methodist College at Washington met here last night and discussed plans for obtaining the last $100,000 needed to complete the $400,000 fund.

Bishop W.R. Lambeth, was confirmed as a co-lecturer at Vanderbilt University for 195.

The sessions, which are to last five days, will be executive.

Nothing spoils your good looks so much as homely hair—stringy, dull-colored, harsh. Nothing adds to good looks so much as beautiful hair—soft, silky, wavy, and glossy. No matter how beautiful your hair is now, you can improve its good looks by using Harmony Hair Beautifier. If your hair is homely and ugly now, Harmony Hair Beautifier will make it softer, silkier, glossier, more beautiful in every way. It also makes it easier to put and help it "stay put." Its rich rose odor hides the unpleasant, oily smell of the hair. Harmony Hair Beautifier is rightly named; it beautifies the hair.

Very easy to apply—simply sprinkle a little on your hair each time before brushing it. It contains no oil, and will not change the color of the hair, nor darken gray hair.

To keep your hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick and thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet-smelling cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier, $1.00. Harmony Shampoo, 50c. Both guaranteed to satisfy you in every way, or your money back. Sold in this community only at our store—the Rexall Store—one of the more than 7,000 leading drug stores of the United State, Canada, and Great Britain, which own the big Harmony Laboratories in Boston, where the many celebrated Harmony Perfumes and Toilet Preparations are made. JAPAN HELD UP AS A BUGABOO.

Would Resent Interference in Mexico, Rome Paper Thinks.

Rome, Oct. 31.— Commenting on the Mexican affairs, the Tribuna says that if the administration at Washington proceeds further in its interference with other countries, especially Japan cannot remain indifferent.

"If the United States intends actually to insist upon Huerta abandoning his dictatorship," adds the Tribuna, "it must intervene with military forces."

CANAL SAFE FROM GUN FIRE.

Test by Battleship Fleet Said to Have Establish Fact.

Washington, Oct. 31.—Secret tests recently made by the third division of the Atlantic battleship fleet, under command of Rear Admiral Usher, are said to have disclosed the fact that the Panama Canal virtually has nothing to fear from the fire of an enemy's fleet, so far as the Gatun and other important locks are concerned. This information leaked from the Navy Department today.

The tests, started this winter, are declared to have developed the fact that the fleet could not determine the location of the Gatun Lock. It also intimated that the data made public and supposed to give the opography of the canal were purposely inaccurae. In addition, it was discovered that the hills intervening, rendered the locks almost immune from damage by bombardment from the sea.

Extension of the breakwater on the Atlantic side has made it possible to mount long range guns so far out that the approach of an enemy's fleet could readly be checked.

Elaborate plans also for the mining of the approaches to the canal on both the Atlantic and Pacific sides already have been completed
